ABOUT OST

Ostend-Bruges International Airport (OST) is located in the Western part of Flanders, Belgium. The airport is located in the vicinity of the seaports of Ostend, Zeebrugge, Antwerp and Calais, which provide ferries and trains to the UK. Flanders is an ideal logistics hub because of its location close to all major European industrial and consumer markets such as Antwerp, Amsterdam, Paris, the German Ruhr area, Frankfurt and London which all located within 500 km of the airport. They are all easy accessible via the road- and rail network and seaports in the vicinity of the airport.

WAREHOUSES

Large warehouse facilities for general and outsized cargo

Ostend-Bruges International Airport (OST) has a large warehouse capacity for general and outsized cargo.

- 4.000 m² warehouse capacity on apron 1
- 7.500 m² warehouse capacity on apron 2

AERO FRESH

Specialized cooling and freezing facilities

Ostend-Bruges International Airport (OST) has specialized cooling and freezing facilities for the transportation of perishables.

- 6,200 m² cooled storage
- 430 m² freezer storage
- Cold chain with ULD loading track and 3 truck docking bays
